

Holy Terrors Gargoyles On Medieval Buildings

Andrew Davidson

Holy Terrors Gargoyles On Medieval Buildings:

Holy Terrors Janetta Rebold Benton, 1997 *Medieval Religion and its Anxieties* Thomas A. Fudge, 2016-10-20 This book examines the broad varieties of religious belief religious practices and the influence of religion within medieval society Religion in the Middle Ages was not monolithic Medieval religion and the Latin Church are not synonymous While theology and liturgy are important an examination of animal trials gargoyles last judgments various aspects of the medieval underworld and the quest for salvation illuminate lesser known dimensions of religion in the Middle Ages Several themes run throughout the book including visual culture heresy and heretics law and legal procedure along with sexuality and an awareness of mentalities and anxieties Although an expanse of 800 years has passed the remains of those other Middle Ages can be seen today forcing us to reassess our evaluations of this alluring and often overlooked past **Gargoyles, Grotesques & Green Men** Gary R. Varner, 2007-04-10 The symbols and strange images that we find in our cemeteries religious structures banks and in our parks are the same symbols that have been part of the framework of the human psyche for thousands of years While contemporary man may think that they are simply decorative manifestations of a by gone era they represent the fears dreams ideas beliefs and struggles that humankind has endured since we began to walk upright This book surveys many of these icons and will give a meaning for them both in the context of ancient history and folklore as well as a meaning that is suitable for our contemporary times Illustrated with dozens of photographs this book will be of interest to anyone interested in historic preservation ancient symbolism the Green Man and the universal application of imagery Gary R Varner has written numerous books on ancient traditions folklore the environment and contemporary issues He is a member of the American Folklore Society and the Foundation for Mythological Studies Artifacts from Medieval Europe James B. Tschen-Emmons, 2015-02-10 Using artifacts as primary sources this book enables students to comprehensively assess and analyze historic evidence in the context of the medieval period This new addition to the Daily Life through Artifacts series provides not only the full benefit of a reference work with its comprehensive explanations and primary sources but also supplies images of the objects bringing a particular aspect of the medieval world to life Each entry in Artifacts from Medieval Europe explains and expands upon the cultural significance of the artifact depicted Artifacts are divided into such thematic categories as domestic life religion and transportation Considered collectively the various artifacts provide a composite look at daily life in the Middle Ages Unlike medieval history encyclopedias that feature brief reference entries this book uses artifacts to examine major aspects of daily life Each artifact entry features an introduction a description an examination of its contextual significance and a list of further resources This approach trains students how to best analyze primary sources General readers with an interest in history will also benefit from this approach to learning that enables a more complete appreciation of past events and circumstances *Gargoyles* Susan Pesznecker, 2007-01-22 Gargoyles takes you on a journey into a mysterious world through bestiaries and traveling menageries past grotesques and

chimeras through medieval cities and guilds and into huge stone buildings Gargoyles are an embodiment of form and function serving a clear architectural purpose but also symbolically important Whether warding off evil frightening away fear or showcasing human foibles when a gargoyle was placed on a building people noticed The book delves into historic models of arcane craftsmanship and architecture considering the reasons for gargoyles coming into being and hearing the legends of the gargoyle both mythic and modern It also covers the emergence of stone creatures into popular culture For modern magick users Gargoyles explores the role of the gargoyle in magickal practice including gargoyle use in elemental correspondences stone magick protection warding egregores talismans animal associations ritual and spell work **The**

Gargoyle Andrew Davidson,2009-06-23 An extraordinary debut novel of love that survives the fires of hell and transcends the boundaries of time On a burn ward a man lies between living and dying so disfigured that no one from his past life would even recognize him His only comfort comes from imagining various inventive ways to end his misery Then a woman named Marianne Engel walks into his hospital room a wild haired schizophrenic sculptress on the lam from the psych ward upstairs who insists that she knows him that she has known him in fact for seven hundred years She remembers vividly when they met in another hospital ward at a convent in medieval Germany when she was a nun and he was a wounded mercenary left to die If he has forgotten this he is not to worry she will prove it to him And so Marianne Engel begins to tell him their story carving away his disbelief and slowly drawing him into the orbit and power of a word he d never uttered love **The Grove**

Encyclopedia of Medieval Art and Architecture Colum Hourihane,2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture *Medieval and Renaissance Famagusta* Michael

J. K. Walsh,Peter W. Edbury,Nicholas S.H. Coureas,2016-12-05 There was a time seven centuries ago when Famagusta s wealth and renown could be compared to that of Venice or Constantinople The Cathedral of St Nicholas in the main square of Famagusta serving as the coronation place for the Crusader Kings of Jerusalem after the fall of Acre in 1291 symbolised both the sophistication and permanence of the French society that built it From the port radiated impressive commercial activity with the major Mediterranean trade centres generating legendary wealth cosmopolitanism and hedonism unsurpassed in the Levant These halcyon days were not to last however and a 15th century observer noted that following the Genoese occupation of the city a malignant devil has become jealous of Famagusta When Venice inherited the city it reconstructed the defences and had some success in revitalising the city s economy But the end for Venetian Famagusta came in dramatic fashion in 1571 following a year long siege by the Ottomans Three centuries of neglect followed which combined with earthquakes plague and flooding left the city in ruins The essays collected in this book represent a major contribution to the

study of Medieval and Renaissance Famagusta and its surviving art and architecture and also propose a series of strategies for preserving the city's heritage in the future. They will be of particular interest to students and scholars of Gothic, Byzantine and Renaissance art and architecture and to those of the Crusades and the Latin East as well as the Military Orders. After an introductory chapter surveying the history of Famagusta and its position in the cultural mosaic that is the Eastern Mediterranean, the opening section provides a series of insights into the history and historiography of the city. There follow chapters on the churches and their decoration as well as the military architecture while the final section looks at the history of conservation efforts and assesses the work that now needs to be done.

Sin and Filth in Medieval Culture Martha Bayless, 2013-07-03. This important new contribution to the history of the body analyzes the role of filth as the material counterpart of sin in medieval thought. Using a wide range of texts including theology, historical documents and literature from Augustine to Chaucer, the book shows how filth was regarded as fundamental to an understanding of human history. This theological significance explains the prominence of filth and dung in all genres of medieval writing; there is more dung in theology than there is in Chaucer. The author also demonstrates the ways in which the religious understanding of filth and sin influenced the secular world from town planning to the execution of traitors. As part of this investigation, the book looks at the symbolic order of the body and the ways in which the different aspects of the body were assigned moral meanings. The book also lays out the realities of medieval sanitation, providing the first comprehensive view of real life attempts to cope with filth. This book will be essential reading for those interested in medieval religious thought, literature and social history. Filled with a wealth of entertaining examples, it will also appeal to those who simply want to glimpse the medieval world as it really was.

The Ashgate Encyclopedia of Literary and Cinematic Monsters Jeffrey Andrew Weinstock, 2016-04-01. From vampires and demons to ghosts and zombies, interest in monsters in literature, film and popular culture has never been stronger. This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A-Z of monsters throughout the ages. It is the first major reference book on monsters for the scholarly market. Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor. Generic entries such as ghost and vampire are cross-listed with important specific manifestations of that monster. In addition to monsters appearing in English language literature and film, the Encyclopedia also includes significant monsters in Spanish, French, Italian, German, Russian, Indian, Chinese, Japanese, African and Middle Eastern traditions. Alphabetically organized, the entries each feature suggestions for further reading. *The Ashgate Encyclopedia of Literary and Cinematic Monsters* is an invaluable resource for all students and scholars and an essential addition to library reference shelves.

Laughter in the Middle Ages and Early Modern Times Albrecht Classen, 2010-09-22. Despite popular opinions of the dark Middle Ages and a gloomy early modern age, many people laughed, smiled, giggled, chuckled, entertained and ridiculed each other. This volume demonstrates how important laughter had been at times and how diverse the situations proved to be in which people laughed and this from late antiquity to the eighteenth

century The contributions examine a wide gamut of significant cases of laughter in literary texts historical documents and art works where laughter determined the relationship among people In fact laughter emerges as a kaleidoscopic phenomenon reflecting divine joy bitter hatred and contempt satirical perspectives and parodic intentions In some examples protagonists laughed out of sheer happiness and delight in others because they felt anxiety and insecurity It is much more difficult to detect premodern sculptures of laughing figures but they also existed Laughter reflected a variety of concerns interests and intentions and the collective approach in this volume to laughter in the past opens many new windows to the history of mentality social and religious conditions gender relationships and power structures The Gargoyles of Notre-Dame

Michael Camille,2024-05-31 Most of the seven million people who visit the cathedral of Notre Dame in Paris each year probably do not realize that the legendary gargoyles adorning this medieval masterpiece were not constructed until the nineteenth century The first comprehensive history of these world famous monsters The Gargoyles of Notre Dame argues that they transformed the iconic thirteenth century cathedral into a modern monument Michael Camille begins his long awaited study by recounting architect Eug ne Viollet le Duc s ambitious restoration of the structure from 1843 to 1864 when the gargoyles were designed sculpted by the little known Victor Pyanet and installed These gargoyles Camille contends were not mere avatars of the Middle Ages but rather fresh creations symbolizing an imagined past whose modernity lay precisely in their nostalgia He goes on to map the critical reception and many layered afterlives of these chimeras notably in the works of such artists and writers as Charles M ryon Victor Hugo and photographer Henri Le Secq Tracing their eventual evolution into icons of high kitsch Camille ultimately locates the gargoyles place in the twentieth century imagination exploring interpretations by everyone from Winslow Homer to the Walt Disney Company Lavishly illustrated with more than three hundred images of its monumental yet whimsical subjects The Gargoyles of Notre Dame is a must read for historians of art and architecture and anyone whose imagination has been sparked by the lovable monsters gazing out over Paris from one of the world s most renowned vantage points **New Directions in 21st-Century Gothic** Lorna Piatti-Farnell,Donna Lee

Brien,2015-04-24 This book brings together a carefully selected range of contemporary disciplinary approaches to new areas of Gothic inquiry Moving beyond the representational and historically based aspects of literature and film that have dominated Gothic studies this volume both acknowledges the contemporary diversification of Gothic scholarship and maps its changing and mutating incarnations Drawing strength from their fascinating diversity and points of correlation the varied perspectives and subject areas cohere around a number of core themes of re evaluation discovery and convergence to reveal emerging trends and new directions in Gothic scholarship Visiting fascinating areas including the Gothic and digital realities uncanny food experiences representations of death and the public media Gothic creatures and their popular legacies new approaches to contemporary Gothic literature and re evaluations of the Gothic mode through regional narratives essays reveal many patterns and intersecting approaches forcefully testifying to the multifaceted although lucidly coherent nature of

Gothic studies in the 21st Century The multiple disciplines represented from digital inquiry to food studies from fine art to dramaturgy engage with the Gothic in order to offer new definitions and methodological approaches to Gothic scholarship The interdisciplinary transnational focus of this volume provides exciting new insights into and expanded and revitalised definitions of the Gothic and its related fields All Things Medieval Ruth A. Johnston, 2011-08-15 This insightful survey of the things of medieval Europe allows modern readers to understand what they looked like what they were made of how they were created and how they were used All Things Medieval An Encyclopedia of the Medieval World covers the widest definition of medieval Europe possible not by covering history in the traditional textbook manner of listing wars leaders and significant historic events but by presenting detailed alphabetical entries that describe the artifacts of medieval Europe By examining the hidden material culture and by presenting information about topics that few books cover pottery locks and keys shoes weaving looms barrels toys pets ink kitchen utensils and much more readers get invaluable insights into the nature of life during that time period and area The heartland European regions such as England France Italy and Germany are covered extensively and information regarding the objects of regions such as Byzantium Muslim Spain and Scandinavia are also included For each topic of material culture the entry considers the full scope of the medieval period roughly 500 1450 to give the reader a historical perspective of related traditions or inventions and describes the craftsmen and tools that produced it **The Architect as Magician** Albert C. Smith, Kendra Schank Smith, 2020-05-07 The Architect as Magician explores the connection between magic and architecture There is a belief that a greater understanding of the meaning of magic provides insights about architecture and architects design processes Architects influence the effects of nature through the making of their buildings In an analogous condition magicians perform rituals in an attempt to influence the forces of nature This book argues that architects could gain much by incorporating ideas from magic into their design process The book demonstrates through historical and current examples the important influence magic has had on the practice of architecture The authors explain how magic helps us to understand the way we infuse architecture with meaning and how magic affects and inspires architectural creation Aimed at architects students scholars and researchers The Architect as Magician helps readers discover the ambiguous and spiritual elements in their design process **Encyclopedia of Humor Studies** Salvatore Attardo, 2014-02-25 The Encyclopedia of Humor A Social History explores the concept of humor in history and modern society in the United States and internationally This work s scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire As an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination This two volume set is

available in both print and electronic formats Features Benefits The General Editor also serves as Editor in Chief of HUMOR International Journal of Humor Research for The International Society for Humor Studies The book s 335 articles are organized in A to Z fashion in two volumes approximately 1 000 pages This work is enhanced by an introduction by the General Editor a Foreword a list of the articles and contributors and a Reader s Guide that groups related entries thematically A Chronology of Humor a Resource Guide and a detailed Index are included Each entry concludes with References Further Readings and cross references to related entries The Index Reader s Guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version This two volume A to Z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore

On Farting V. Allen,2010-05-24 This book presents waste as an aesthetic category that introduces an arsy versy world where detritus is precious This aesthetic is applied in the second part to etymology poking through the paternal dungheaps of words and tracing their origins not to Eden but to Babel puns and word play

Medieval Folklore Carl R. Lindahl,John McNamara,John Lindow,2000 Over a decade in the making Medieval Folklore is your A Z guide to the mundane and supernatural lore of the Middle Ages Definitive and lively articles focus on the great myths and legends of the age daily and nightly customs and activities religious beliefs of pagan Christian Muslim and Jew key works of oral and written literature traditional music and art holidays and feasts food and drink and plants and animals real and mythic

Against the Friars Tim Rayborn,2014-10-23 The friars represented a remarkable innovation in medieval religious life Founded in the early 13th century the Franciscans and Dominicans seemed a perfect solution to the Church s troubles in confronting rapid changes in society They attracted enthusiastic support especially from the papacy to which they answered directly In their first 200 years membership grew at an astonishing rate and they became counsellors to princes and kings receiving an endless stream of donations and gifts Yet there were those who believed the adulation was misguided or even dangerous and who saw in the friars actions only hypocrisy deceit greed and even signs of the end of the world From the mid 13th century writings appeared denouncing and mocking the friars and calling for their abolition Their French and English opponents were among the most vocal From harsh theological criticism and outrage at the Inquisition to vulgar tales and bathroom humor this thoroughly documented work is suitable for the newcomer as well as for readers who are familiar with the subject but might like to investigate specific topics in more detail

Materials, Methods, and Masterpieces of Medieval Art Janetta Rebold Benton,2009-08-27 A comprehensive and informed analysis explores the startlingly diverse and sophisticated fine arts in the Middle Ages *Materials Methods and Masterpieces of Medieval Art* provides a comprehensive and detailed analysis of the work done by artists in western Europe during the Middle Ages Art historian Janetta Rebold Benton uses examples such as the Book of Kells Bury Saint Edmunds Cross and the Bayeux Tapestry

and the work of artists such as Jan van Eyck and Giotto to explore the various media available to medieval artists and the ways in which those media were used to create a stunning array of masterworks Although the visual arts of the Middle Ages were extremely colorful today much of that color has diminished or disappeared the pigments and threads faded the gold abraded the silver tarnished Materials Methods and Masterpieces of Medieval Art allows these works to sparkle once more Includes 76 illustrations
