Church Joel Comiskey, 2012-11-06 Why cell church Is it because David Cho's church the largest church in the history of Christianity is a cell church Is it because someone said the number twelve will bring blessings and growth Is it because cell church is the strategy that many great churches are using Ralph Neighbour repeatedly says Theology must breed methodology This book sets forth the biblical theology for cell based ministry Without biblical truth we don't have a firm underpinning upon which we can hang our ministry and philosophy On the other hand we can plod through most anything when we know that God is stirring us to behave biblically Cell church is not the latest greatest church growth strategy If it were it would simply be a passing fad until the next hotter more relevant strategy comes along In fact in many places around the world cell church transforms the church through a purification process Church growth is slow but cell church helps Christ's church go deeper Joel Comiskey has been studying the cell church movement since 1991 and has discovered that the cell church strategy doesn't produce rapid growth in itself God reserves growth for himself He wants to receive the glory for all church growth The first section of this book covers the Trinity the model for all small group community The good news is that the Trinity works within believers to mold and shape them into his image This section explores God's emphasis on the family starting from Genesis Christ's formation of a new family and then the early church's focus on family Comiskey believes that family is the principal image of the church in Scripture The last chapter in this section explains Jesus and his kingdom and more specifically how Jesus trained his disciples to evangelism through home based outreach Section two reveals how the early church met in homes It explores what they did in those home meetings the size of the house churches and how home evangelism took place through ancient oikos relationships Comiskey looks at how New Testament leadership developed naturally through the house church structure and how the early church connected the house churches into celebration gatherings large group meetings The last section applies all eight chapters to the church today This last section draws out the New Testament insights that are applicable to the 21st century church

As for Me and My House Daryl J. Potts, 2020-07-10

The verse Joshua 24:15 as for me and my house we will serve the Lord has been the desire and declaration of ministry couples for centuries Yet the heartache of many ministers and their spouses is the realization that even though they have ministered to many and have been instruments to strengthen people's spiritual lives the spiritual well-being of their own

immediate family is not always where they would like it to be Many sadly observe members of their own family who no longer attend church having turned away from the faith For many ministers and spouses both those presently in ministry and those starting out there is a great desire to find keys to prevent their family members from falling away from the faith The heart of every pastoral couple is to function in their ministry and at the same time see their family flourish In the light of the dearth of research regarding the ministry family journey this book investigates how ministers and their spouses perceive that their involvement in ministry affects their family lives It further reveals the components that contribute toward the spiritual well being of their family while fulfilling their unique ministry responsibilities Philosophy of Education Thomas Edward

Garratt Edsall,2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted as displayed in the four canonical Gospels the Acts of the Apostles or the New Testament epistles This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first century church may have been overlooked and lost by the wayside of history in favor of established traditions Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit Following that example improving the spiritual quality of their people s lives should be the primary goal of all Christian ministers The majority of this work will conduct a careful exegesis of selected passages from the New Testament which focus on the leadership model utilized by the first century church This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design **What Shall I Do with My Life?**
