Home Ice Jack Falla, 2000-09 There is no shortage of books that describe how participating in a particular sporting activity strengthens bonds between people Falla's book accomplishes this feat through a collection of essays on backyard skating rinks and frozen ponds and how these local skating venues allow their participants to get in touch with the game of hockey in addition to building relationships with family and friends The author a sportswriter and author of Sports Illustrated Hockey is the architect and CEO of his full scale backyard rink the Bacon Street Omni around which neighborhood life seems to revolve during the long cold months Each essay is short and provides for excellent recreational reading for people interested in skating in general and hockey in particular Throughout the author's love for winter sports is clear especially as a link between his New England childhood and his current life but readers who have never put on a pair of skates may have trouble connecting with this well written book Library Journal *The Catholic Homeschool Companion* Maureen Wittmann, Rachel Mackson, 2005 Your one stop resource for information insight and inspiration More than forty veteran homeschooling parents help you foster your children's moral and spiritual development teach kids in special circumstances and handle other common problems homeschoolers face *Wayne Gretzky's Ghost* Roy MacGregor, 2012-11-06 Roy MacGregor has been called the best hockey writer in the country and we finally have a collection of his very best hockey writing revised and updated For nearly 40 years Roy MacGregor has brought hockey our national sport alive on the page From tales of the game's greats Guy Lafleur Jean Beliveau Marcel Dionne to today's stars Sidney Crosby Alex Ovechkin Daniel and Henrik Sedin his magazine and newspaper coverage has revealed so much about these and so many other personalities in moments of promise victory and defeat While many of these stories play out on the ice some of the most compelling take place on the home front Mario Lemieux's battle against cancer the many tribulations of Bob Gainey and MacGregor's prose shines especially when focused on the human side of a sport defined by superhuman feats of speed aggression and power Wayne Gretzky's *Ghost* is a personal book and also a book of challenging ideas that Wayne Gretzky through no fault of his own was the worst thing to happen to hockey that CBC's Hockey Night in Canada has lost sight of what it is that goaltending has become a position out of all proportion to what was intended And who could offer a better perspective on the game than a writer who playing as a youngster had to face an onrushing phenom from Parry Sound named Bobby Orr or who spent a year ghostwriting a national newspaper column for the Great One himself When it comes to hockey Roy MacGregor has seen and in some cases done it all *Nostalgia and Sport* Sean Gammon, 2013-05-31 This case study is part of the Contemporary Cases Online series The series provides critical case studies that are original flexible challenging controversial and research informed driven by the needs of teaching and learning *Canadian Hockey Literature* Jason Blake, 2010-01-01 Hockey occupies a prominent place in the Canadian cultural lexicon as evidenced by the wealth of hockey centred stories and novels published within Canada In this exciting new work Jason Blake takes readers on a thematic
