*Homebond House Building Manual* Eugene Farrell, John A. McCarthy, Anthony McFeely, 2012      **Hypertension** David Alan Warrell, 2002      **Implications of Pyrite Oxidation for Engineering Works** A. Brian Hawkins, 2013-07-30 The book highlights and analyses the distress to buildings caused by sulphate induced heave with particular reference to the recent problems in the Dublin area of Ireland It describes the formation of pyrite the processes involved in its oxidation and the various ways in which consequential expansion takes place For the first time in the literature it discusses the way that buildings can be raised above their supporting foundation walls by the expansion of pyritiferous fill which has been used beneath ground bearing floor slabs in Ireland The significance of fractures through the iron sulphide microcrystals for the rate and extent of oxidation is discussed Photographs and profiles of sulphate ingress into concrete concrete blocks are presented Case histories from the UK North America and Ireland are discussed      Conveyancing Gabriel Brennan, Nuala Casey, 2008 Conveyancing is designed for law students and new lawyers studying applied land law on the Irish Professional Practice Course As the fourth edition is published at a time when major reform and modernisation of land law and conveyancing is proposed the text has been fully revised and updated to include reference to proposed reforms recently published bills and new legislation enacted This includes new coverage on the Land Act 2005 the Title Act 2006 and the fundamental changes proposed by the Land and Conveyancing Law Reform Bill 2006 In two volumes the fourth edition also features updated sample documentation and precedents to enable students to consider the procedural aspects of conveyancing It includes complete coverage of all the essential knowledge needed when practicing conveyancing including the legal concept of property and the protection acquisition and movement of proprietary interests The principles of conveyancing practice are clearly explained ensuring that this is an essential text for apprentices and practitioners in this field      *Residential Construction Law* Philip Britton, Matthew Bell, Deirdre Ní Fhloinn, Kim Vernau, 2025-09-18 This new edition tells you all you need to know about how construction defects in homes occur how they might be prevented and how they might be cured Her Honour Frances Kirkham CBE Atkin Chambers The first edition of Residential Construction Law in 2021 offered the only systematic and analytical overview of the legal framework for residential construction Since then there have been significant legislative and caselaw developments across the UK Aotearoa New Zealand Australia and Ireland In this second edition the authors and their team of specialist contributors have completely revised the content taking these changes into account This new edition refers to more than 350 new cases along with ground breaking reforms like the UK's Building Safety Act 2022 and lessons from the September 2024 Phase 2 report of the Grenfell Tower Inquiry The book also anticipates planned reforms including sweeping changes in several Australian states The revised edition retains the book's highly accessible structure and readability making it an indispensable guide for lawyers industry professionals and homeowners seeking to come to grips with the principles of residential construction law It also provides an essential starting

point for students and practitioners needing to understand the detail of this specialist area It provides clear statements of the relevant law explaining aided by case studies diagrams text tables and a glossary the law s intended policy outcomes and techniques It also provides a critical view of areas where those goals have not been attained requiring further reform Accompanying online resources for this title can be found at bloomsbury pub residential construction law
