**Aphrodite** Monica S. Cyrino, 2012-06-25. Aphrodite explores the many myths and meanings of the Greek goddess of love, sex and beauty. One of the most widely worshipped and popular deities in Greek antiquity, Aphrodite emerges from the imaginations of the ancient Greek writers and artists as a multifaceted, powerful and charismatic figure. This volume explores the importance of Aphrodite for the ancient Greeks as well as her enduring influence as a symbol of beauty, adornment, love and sexuality in contemporary culture. In a wide-ranging investigation of the universality of Aphrodite's power and significance, this volume illuminates the numerous intricate levels of divinity embodied by the alluring figure of Aphrodite. Aphrodite offers new insights into the ancient texts and artistic representations of the goddess as well as a comprehensive survey of the current scholarship about the origins and interpretations of Aphrodite, whilst also highlighting her eternal popular appeal across cultures and generations. A goddess of love who is not afraid to enter the battlefield, a goddess of bodily adornment who is the first to appear totally nude, a goddess born of the sea who emerges into the open sky, Aphrodite is a polyvalent deity plural in nature, function and significance.

**The Enigma of Art: On the Provenance of Artistic Creation** Gino Zaccaria, 2021-05-25. In this book Gino Zaccaria offers a philosophical meditation on the issue of art in light of its originary sense. He shows how this sense can be fully understood provided that our thinking, on the one hand, returns to the ancient Greek world where it must heed the voice and hints of the goddess Athena, and on the other hand, listens to artist-thinkers close to our current epoch such as Cézanne, van Gogh and Boccioni. Indeed, the path of this meditation has as its guide the well-known sentence by the painter from Aix-en-Provence which reads: *Je vous dois la vrit en peinture et je vous la dirai*. What will finally appear in this way will not be an abstract or historical notion of art, but its enigma, that is to say, the promise of another initiation of art itself.

**Deification in Classical Greek Philosophy and the Bible** James Bernard Murphy, 2024-06-27. The goal of human life according to Plato, Aristotle and the Bible is to become as much like god as possible. This book, written in vivid and lucid English, illuminates Greek philosophy by showing how it grows out of ancient Greek religion and how it compares to biblical religion.
