

A comic book cover for 'Homicidal Psycho Jungle Cat'. The background is dark blue. A large, light blue, irregular shape is on the left. A tiger is leaping from the top left, its body arched over the title. Calvin, a small boy with spiky blonde hair, is in the bottom right, looking up in shock with his hands near his face. He is wearing blue pajamas with white polka dots. A small tuft of grass is on the floor next to him. The title 'HOMICIDAL PSYCHO JUNGLE CAT' is in large, red, blocky letters with black outlines. Below it, in smaller yellow text, is 'A Calvin and Hobbes Collection' and 'by Bill Watterson'.

**The Architecture of Narrative Time** Erica Wickerson,2017-06-02 Time matters to all of us It dominates everyday discourse diaries schedules clocks working hours opening times appointments weekdays and weekends national holidays religious festivals birthdays and anniversaries But how do we as unique individuals subjectively experience time The slowness of an hour in a boring talk the swiftness of a summer holiday the fleetingness of childhood the endless wait for pivotal news these are experiences to which we all can relate and of which we commonly speak How can a writer not only report such experiences but also conjure them up in words so that readers share the frustration the excitement the anticipation are on tenterhooks with a narrator or character or in melancholic mourning for a time long since passed which we never experienced ourselves Erica Wickerson suggests that the evocation of subjective temporal experience occurs in every sentence on every page at every plot turn in any narrative The Architecture of Narrative Time offers a new template for understanding narrative time that combines close readings with analysis of the structural overview It enables new ways of reading Thomas Mann but also new ways of conceptualising narrative time in any literary work not only in Mann s fiction and not only in texts that foreground the narration of time The range of Mann s novels novellas and short stories is compared with other nineteenth and twentieth century works in German and in English to suggest a comprehensive approach to considering time in narrative      **The Wife of Jesus** Anthony Le Donne,2013-11-01 The idea that Jesus was married continues to incite fierce debate But most who address the topic either dismiss the possibility or propound conspiracy theories Amid the storm of controversy Le Donne provides a haven of clarity and sense Approaching the subject from a fresh historical perspective Le Donne places Jesus firmly within a socio cultural context and by investigating gender and marriage norms provocatively argues that Jesus could well have been married although not to Mary Magdalene      **On Extremity** Bryan A. Bardine,Niall W.R. Scott,Nelson Varas-Díaz,2023-06-12 On Extremity From Music to Images Words and Experiences brings together transdisciplinary scholarship on sounds images words and experiences human and non human to reflect on the polysemic and polymorphic characteristics of extremity and the category of the extreme The editors and authors aim to contribute to a living breathing and expanding definition of extremity that helps us understand what we gain or lose when we interact with it create it and share it with or force it upon others The volume calls for the emergence of extremity studies as an area of perusal to help us navigate our current global condition      **Looking for Calvin and Hobbes** Nevin Martell,2010-08-19 An affectionate and revealing book about uncovering the story behind this most uncommon trio a man a boy and his tiger      Calvin Martine Leavitt,2024-03-26 A teen boy deals with an imaginary tiger schizophrenia and his

strange connection to a famous comic strip in this young adult coming of age story Seventeen year old Calvin has always known his fate is linked to the comic book character from Calvin his grandpa left a stuffed tiger named Hobbes in his crib and he even has a best friend named Susie As a child Calvin played with the toy Hobbes controlling his every word and action until Hobbes was washed to death But now Calvin is a teenager who has been diagnosed with schizophrenia Hobbes is back as a delusion and Calvin can't control him Calvin decides that if he can convince Bill Watterson to draw one final comic strip showing a normal teenaged Calvin he will be cured Calvin and Susie and Hobbes set out on a dangerous trek across frozen Lake Erie to track him down Praise for Calvin The novel has a fresh funny voice that never diminishes the seriousness of schizophrenia Leavitt delivers an imaginative exploration of mental illness examining what's real and what's true in this magical world Booklist starred review Written as a letter to Watterson to fulfill a make up English assignment the first person narrative eschews quotation marks and dialogue tags further blurring the lines between real life and what's in Calvin's head Memorable Horn Book starred review Equal parts coming of age tale survival adventure and love story this outstanding novel also sensitively deals with an uncommon but very real teen issue making it far more than the sum of its parts Kirkus Reviews starred review

Religion Jim Slagle, 2025-07-14 Science and religion is one of those subjects where everyone knows a lot of things that just ain't so. This is because of the numerous urban legends about how the two fields have interacted historically and how they do so today. These false beliefs are ubiquitous in Western civilization especially in academia prompting many people to oversimplify the issues. This book corrects many of these urban legends and confusions involving premodern cosmology the alleged persecution or even martyrdom of scientists for discoveries that challenged the religious status quo the history and nature of biological evolution the potential discovery of rational extraterrestrial life and whether miracles would somehow conflict with the laws that science has discovered. As one might expect reality turns out to be much more complex than the stories suggest.

**Just Vibrations** William Cheng, 2016-08-11 Modern academic criticism bursts with what Eve Kosofsky Sedgwick once termed paranoid readings interpretative feats that aim to prove a point persuade an audience and subtly denigrate anyone who disagrees. Driven by strategies of negation and suspicion such rhetoric tends to drown out softer spoken reparative efforts which forego forceful argument in favor of ruminations on pleasure love sentiment reform care and accessibility. *Just Vibrations: The Purpose of Sounding Good* calls for a time out in our serious games of critical exchange. Charting the divergent paths of paranoid and reparative affects through illness narratives academic work queer life noise pollution sonic torture and other touchy subjects William Cheng exposes a host of stubborn norms in our daily orientations toward scholarship self and sound. How we choose to think about the perpetration and tolerance of critical and acoustic offenses may ultimately lead us down avenues of ethical ruin or if we choose repair. With recourse to experimental rhetoric interdisciplinary discretion and the playful wisdoms of childhood Cheng contends that reparative attitudes toward music and musicology can serve as barometers of better worlds.

The Revenge of the Baby-Sat Bill Watterson, 1991 A collection of Calvin and Hobbes cartoons in which Calvin crashes his parents car goes on a family camping trip and shares adventures with his stuffed tiger Hobbes.

**Teaching Comedy** Bev Hogue, 2023-08-03 From Shakespeare to The Simpsons comedy has long provided both entertainment and social commentary. It may critique cultural values undermine authority satirize sacred beliefs and make room for the marginalized to approach the center. Comedy can be challenging to teach but in the classroom it can help students connect with one another develop critical thinking skills and engage with important issues. The essays in this volume address a rich variety of texts spanning film television stand up cartoons and memes as well as conventional literary works from different places and times. Contributors offer theoretical foundations and practical methods for a broad range of courses including guidance on contextualizing the humor of historical works and on navigating the ways that comedy can both subvert and reinforce stereotypes. Finally the volume argues for the value of comedy in difficult times as a way to create community and meaning. Bettina Stumm,2021-07-08 Joining the Dialogue offers an exciting new approach for teaching academic research writing to introductory students by drawing on communication ethics Holding to the current view that academic writing means situating ourselves in a research community and learning how to join the research conversations going on around us Joining the Dialogue proposes that how we engage in dialogue with other researchers in our community matters We not only read acknowledge and build on the research of others as we compose our work we also engage openly attentively critically and responsively to their ideas as we articulate our own With this in mind Joining the Dialogue is geared to helping students discover the key ethical practices of dialogue receptivity and response ability as they join a research conversation It also helps students master the dialogic structure of research essays as they write in and for their academic communities Combining an ethical approach with accessible prose dialogic structures and templates practical exercises and ample illustrations from across the disciplines Joining the Dialogue teaches students not only how to write research essays but also how to write those essays ethically as a dialogue with other researchers and readers

### **Atheism and the Problem of Evil**

Paul Draper,2025-09-17 Atheism and the Problem of Evil motivates constructs and defends two arguments from evil against core theism Core theism is the thesis that an omnipotent omniscient and loving agent created the cosmos Core atheism is the denial of that thesis Each argument involves comparing core theism to an alternative hypothesis and showing that the alternative is much more probable than core theism which implies that core theism is very probably false In the case of the first decisive evidence argument a form of deism is shown to fit the relevant data much better than theism does despite being no less plausible than theism In the case of the second decisive priors argument a naturalistic hypothesis called anaxiarchism is shown to fit the relevant data at least as well as theism does despite being much more plausible than theism Since these arguments conclude that core atheism is very probable all things considered their defense cannot ignore alleged evidence for core theism including ontological arguments cosmological arguments fine tuning arguments and arguments based on religious experience The book includes rigorous and original critiques of such arguments making it more comprehensive than other volumes on the problem of evil which typically focus only on evidence against theism In addition the book includes a chapter critiquing the strongest forms of skeptical theism which is the view that human ignorance makes us unqualified to judge how well core theism fits the relevant data including data about the well or ill being of conscious living things Another

chapter examines attempts to expand or version theism by adding various auxiliary hypotheses to it whether in the form of Christian doctrines or sceptical claims or speculations about God's reasons for allowing suffering These attempts are shown to be of no help to the core theist Finally in a concluding chapter the justificatory gap between the belief that core atheism is very probably true and the belief that it is true is bridged by arguing that the high probability of core atheism is stable
