Retardatio John D Allen, 2014-01-21 Experience the birth of the first support group for sexual minorities with developmental disabilities Reflecting an unprecedented development in the disabled and sexual minority communities Gay Lesbian Bisexual and Transgender People with Developmental Disabilities and Mental Retardation Stories of the Rainbow Support Group describes the founding achievements and history of a unique group providing support for people with developmental disabilities or mental retardation DD MR who are gay lesbian bisexual and transgender In this pathbreaking book group founder John D Allen describes the Rainbow Support Group s beginnings in 1998 at the New Haven Gay Lesbian Community Center in Connecticut and the ways in which it has been shattering myths and stereotypes surrounding people with mental retardation ever since From the author Not only are people with DD MR full human beings with the same needs and desires for intimacy and healthy sexual expression as people without intellectual disabilities but the group is evidence that some people with DD MR have an understanding of sexual orientation as well Acknowledging that people with mental retardation are sexual is a new development in the human service field but one that is still in the pre Stonewall days regarding those who are gay Although people with mental retardation are given unprecedented freedom to make personal vocational decisions there is an unfounded expectation that they do not have a sexuality let alone a homosexuality Members of the Rainbow Support Group discuss the same concerns as other gay people but in a support system that recognizes their unique perspective This insightful book shows how membership in the Rainbow Support Group addresses the very real fears and concerns of its members including being forced into heterosexual social situations since that is the only available option for socialization dealing with being outed to peers and staff since many DD MR people are not their own legal guardians this can lead to removal of privileges various kinds of abuse and other negative consequences in their day to day lives being ridiculed by unsupportive staff being excluded from family functions because of their sexual orientation It also illustrates the purely positive aspects of membership in the group which provides a place to learn appropriate ways to meet others hear messages about safe sex and feel empowered to advocate for their own intimacy needs an increased chance of finding a like minded partner although the group is certainly not a dating service an avenue for members to connect with others like them and with the larger gay community in the area events to participate in such as holiday parties field trips movie nights and gay pride celebrations The author continues What is exciting are the positive outcomes displayed once an individual enters the group Members quickly develop a sense of ownership and wear rainbow emblazoned clothing to meetings Everyone has joined the host community center to begin receiving regular mailings and event discounts Supervising staff report that members perform better at work have fewer behavioral issues and experience a greater feeling of contentment For people with mental retardation just to be able to say the words gay lesbian bisexual and transgender in an affirming environment is a cutting edge breakthrough What the group has accomplished and will hopefully continue to illuminate is the understanding that people with DD MR are entitled to a whole life experience including discovering and enjoying their sexuality **Gay,**

Remaking Men David Tacey, 2013-10-23 The nature of masculinity is a popular subject for contemporary authors either treated critically from a sociological standpoint or analysed from a psychological and spiritual perspective In Remaking Men David Tacey argues that we must strive to bridge the gap between these separate traditions masculinity should neither be hijacked by the spiritual Jung influenced men s movement nor discussed merely as a product of socio political forces Examining his own and other men s experience in a critical and lively discourse he evades the simplistic optimism of the inner journey approach and the chronic pessimism of contemporary academic arguments This is a fascinating and very accessible look at masculinity for those who want to explore self and society with intelligence and soul

Mizruchi,1998-05-04 From ritual killings to subtle acts of self denial the practice and rhetoric of sacrifice has a special centrality in modern American literature In a compelling interdisciplinary investigation Susan Mizruchi portrays an episode in American cultural history when the literary movement of realism and the fledgling field of sociology both converged in the belief that sacrifice is basic to sociality This is a book about the fascination that sacrifice held for writers principally Herman Melville Henry James and W E B Du Bois and also for those who articulated the main tenets of modern social theory an inquiry that eventually spans historical events such as public lynchings and the political scapegoating of immigrants a century ago The execution in Billy Budd Sailor the death of Du Bois s first born son in *The Souls of Black Folk* Henry James s preoccupation with renunciation and scapegoating and the self denying working classes of Norris and Stein all illustrate repeated stagings of sacrificial rituals from a Biblical past For Mizruchi the peculiar persistence of this aesthetic construct becomes a guide to a rich theological and social scientific tradition distinctive to the late nineteenth and early twentieth centuries and including such influential works as Smith s *Lectures on the Religion of the Semites* Frazer s *Golden Bough* and Ross s *Sin and Society* The major features of sacrifice its original association with spiritual doubt its function as a form of spiritual economics that sustained divisions between the fortunate and the bereft and its role in fixing boundaries between aliens and kin held strong symbolic value for writers struggling to reconcile faith with rationalism and communal coherence with capitalist expansion Mizruchi eloquently demonstrates how the conceptual power of sacrifice made it a key mediator of cultural change from the decline of sympathy and the significance of race in an emerging multicultural society to the revival of maternal self sacrifice
