Homosexuality In Islam Critical Reflection On Gay Lesbian And Transgender Muslims:

Homosexuality in Islam Scott Siraj Al-Haqq Kugle, 2010-01-01 Homosexuality is anathema to Islam or so the majority of both believers and non believers suppose Throughout the Muslim world it is met with hostility where state punishments range from hefty fines to the death penalty Likewise numerous scholars and commentators maintain that the Qur'an and Hadith rule unambiguously against same sex relations This pioneering study argues that there is far more nuance to the matter than most believe In its narrative of Lot the Qur'an could be interpreted as condemning lust rather homosexuality While some Hadith are fiercely critical of homosexuality some are far more equivocal This is the first book length treatment to offer a detailed analysis of how Islamic scripture jurisprudence and Hadith can not only accommodate a sexually sensitive Islam but actively endorse it

The Making of a Gay Muslim Shanon Shah, 2017-10-17 This book highlights the lived experiences of gay Muslims in Malaysia where Islam is the majority and official religion and in Britain where Muslims form a religious minority By exploring how they negotiate their religious and sexual identities Shah challenges the notion that Islam is inherently homophobic and that there is an unbridgeable divide between Islam and the West Shah also gained access to gay Muslim networks and individuals for his in depth research in both countries and the book investigates the different ways that they respond to everyday anti homosexual or anti Muslim sentiments Amid the many challenges they confront the gay Muslims whom Shah encountered find innovative and meaningful ways to integrate Islam and gay identity into their lives The Making of a Gay Muslim will appeal to students and scholars with an interest in contemporary Islam religion gender and sexuality

The LGBTQ+ Muslim Experience Chana Etengoff, Eric M. Rodriguez, 2022-10-20 The LGBTQ Muslim Experience presents an accessible applied discussion of transformative and intersectional approaches to LGBTQ Muslim research training and clinical practice The book asserts that LGBTQ Muslims can agentively build resilience pathways as they negotiate multiple minority identities and stressors Through consciously recognizing the power laden contexts of both conflict and development scholars and clinicians can partner with multiple

minority populations such as LGBTQ Muslims as they pursue social justice and enact their own transformative development To this end this book aims to address four goals 1 to amplify the voices of both sexual and gender minority Muslims 2 to acknowledge the intersectional challenges and stressors that LGBTQ Muslims encounter as a multiple minority group 3 to highlight LGBTQ Muslims relational and cultural resilience tools and 4 to introduce transformative intersectional psychology frameworks for future research and clinical practice with sexual and gender minority people of faith The chapters in this book were originally published as a special issue of the Journal of Homosexuality The SAGE Handbook of Global Sexualities Zowie Davy, Ana Cristina Santos, Chiara Bertone, Ryan Thoreson, Saskia E. Wieringa, 2020-05-11 This two volume Handbook provides a major thematic overview of global sexualities spanning each of the continents and its study which is both reflective and prospective and includes traditional approaches and emerging themes The Handbook offers a robust theoretical underpinning and critical outlook on current global glocal and new sexualities and practices whilst offering an extensive reflection on current challenges and future directions of the field The broad coverage of topics engages with a range of theories and maintains a multi disciplinary framework PART ONE Understanding Sexuality Epistemologies Conceptual and Methodological Challenges PART TWO Enforcing and Challenging Sexual Norms PART THREE Interrogating Undoing Sexual Categories PART FOUR Enhancement Practices and Sexual Markets Industries PART FIVE Sexual Rights and Citizenship And the Governance of Sexuality PART SIX Sexuality and Social Movements PART SEVEN Language and Cultural Representation **Public Theology and Violent Rhetoric Examined in a Queer Womanist Critical Ethnography** Teresa L. Smallwood, 2025-01-23 Public theology is an emerging constructive tool In its inception public theology was largely contextualized as the public church However this thoughtful and empathetic book situates our publics everywhere Smallwood contends that those who have been harmed by violent rhetoric from speech actors who would other them retain the capacity to have and hold a theology This different entry point allows for people of faith those who are and those who are not associated with a particular communion of faith or denominational affiliation to claim public space for theologizing Here public theology is about the capacity of those who are othered to affirmatively express their faith and to critically engage with those who would deny and denigrate their ontology Enduring hardship as a good soldier does not mean exposing oneself to verbal abuse week after week Many LGBTQIA persons are assaulted degraded humiliated and derogated from the pulpits and podiums of places of worship This abuse caused many to turn away from their faith Those who withstood protracted verbal abuse turned it inward and began to hate themselves Through ethnography Smallwood tackles these tough truths and engages with LGBTQIA persons This book critically examines both the harm done to them and the help that is to come from a paradigmatic shift in care Smallwood emphasises how spiritual self assessment ritual and indigenous spiritual practices offer a way to wholeness and healing Drawing from Yoruba epistemology this work offers a framework for rebirth renewal and reclamation **The SAGE Encyclopedia of Trans Studies** Abbie E. Goldberg, Genny Beemyn, 2021-02-26 Transgender

studies broadly defined has become increasingly prominent as a field of study over the past several decades particularly in the last ten years The experiences and rights of trans people have also increasingly become the subject of news coverage such as the ability of trans people to access restrooms their participation in the military the issuing of driver s licenses that allow a third gender option the growing visibility of nonbinary trans teens the denial of gender affirming health care to trans youth and the media s misgendering of trans actors With more and more trans people being open about their gender identities doctors nurses psychologists social workers counselors educators higher education administrators student affairs personnel and others are increasingly working with trans individuals who are out But many professionals have little formal training or awareness of the life experiences and needs of the trans population This can seriously interfere with open communications between trans people and service providers and can negatively impact trans people s health outcomes and well being as well as interfere with their educational and career success and advancement Having an authoritative academic resource like The SAGE Encyclopedia of Trans Studies can go a long way toward correcting misconceptions and providing information that is otherwise not readily available This encyclopedia featuring more than 300 well researched articles takes an interdisciplinary and intersectional approach to trans studies Entries address a wide range of topics from broad concepts e g the criminal justice system activism mental health to specific subjects e g the trans pride flag the Informed Consent Model voice therapy to key historical figures events and organizations e g Lili Elbe the Stonewall Riots Black Lives Matter Entries focus on diverse lives identities and contexts including the experiences of trans people in different racial religious and sexual communities in the United States and the variety of ways that gender is expressed in other countries Among the fields of studies covered are psychology sociology history family studies K 12 and higher education law political science medicine economics literature popular culture the media and sports The Bloomsbury Handbook of Religion, Gender and Sexuality Sonya Sharma,Dawn Llewellyn,Sían Hawthorne,2024-06-13 Bringing together disciplines across the arts humanities and social sciences this Handbook presents novel and lively examinations of the dynamic ways religion gender and sexuality operate Applying feminist intersectional and reflexive approaches the volume aims to loosen imperialist and exclusionary figurations that have underwritten and tethered religion gender and sexuality together While holding onto the field of inquiry the Handbook offers contributions that interrogate and untie it from the terms and conditions that have formed it The volume is organized into thematic sections Forces and Futures Activisms and Labors Agencies and Practices Relationships and Institutions Texts and Objects Chapters range across religious geographical historical political and social contexts and feature an array of case studies experiences and topics that exemplify the reflexive intention of the volume including explorations of race whiteness colonialism and the institutional intolerance of minority groups Contributors also advance new areas of research in religion including artificial intelligence farming migrant mothering child sexual abuse mediatization national security legal frameworks addiction and recovery decolonial hermeneutics creative arts sport sexual

Being Muslim Today Dr. Saqib Iqbal Qureshi,2024-05-07 Qureshi promotes a moderate and inclusive view of contemporary Islam with the intellectual underpinnings to support it Booklist Starred Review Accessible introduction to Islam and the Qur an that explains how Muslims live and avoids the extremes of Orthodoxy and Islamophobia The truths of every religion are typically challenged and re written serving as potent grounds for some of history s most enduring debates and conflicts Perhaps no other religious tradition suffers as much

from the dualistic fallacy of good and evil than does Islam. What does it mean to be Muslim today? Orthodoxy's interpretation is idyllic and omniscient, simplistic to a fault. Islamophobes at the opposite end of the spectrum cultivating damaging stereotypes that present a religion that most Muslims cannot relate to. In *Being Muslim Today: Reclaiming the Faith from Orthodoxy and Islamophobia*, bestselling author Dr. Saqib Qureshi silences the noise that obscures the message of Islam. He provides a compelling and accurate presentation of the faith's beginnings, its evolution throughout the last 1,400 years, and its relevance for today. *Being Muslim Today* simplifies complicated academic debates and reveals the heart and soul of a growing faith tradition that claims more than two billion adherents. Chapters include lucid discussions of the origins of Islam, the Prophet Muhammad, and the rise of Islam through the ages. Qureshi also describes the twin perils of Orthodoxy and Islamophobia, both of which he contends badly misinterpret the true message of the faith. In a final chapter, Qureshi confronts the stereotype of Islam as an inherently violent religion, asking the West to hold a mirror to its own voracious appetite for conflict and colonization. Throughout, Qureshi encourages Muslims to reject pious certitude; the faithful must acknowledge the diversity of approaches and principals in the Islamic tradition, he writes, and adopt an attitude of theological humility. Some things are simply unknowable.

Islam in Liberalism Joseph A. Massad, 2015-01-06. Demonstrates that Western liberal democracy, portrayed as foreign to Islam, necessarily serves an imperial project, timely and controversial. Politics, Religion, Ideology. Islam is often associated with words like oppression, totalitarianism, intolerance, cruelty, misogyny, and homophobia, while its presumed antonyms are Christianity, the West, liberalism, individualism, freedom, citizenship, and democracy. In the most alarmist views, the West's most cherished values—freedom, equality, and tolerance—are said to be endangered by Islam worldwide. Joseph Massad's *Islam in Liberalism* explores what Islam has become in today's world. He seeks to understand how anxieties about tyranny, intolerance, misogyny, and homophobia, seen in the politics of the Middle East, are projected onto Islam itself. Massad shows that through this projection, Europe emerges as democratic, tolerant, feminist, and pro-LGBT rights, or in short, Islam-free. Massad documents the Christian and liberal idea that we should missionize democracy, women's rights, sexual rights, tolerance, equality, and even therapies to cure Muslims of their un-European, un-Christian, and illiberal ways. Along the way, he sheds light on a variety of controversial topics, including the meanings of democracy and the ideological assumption that Islam is not compatible with it, while Christianity is. *Islam in Liberalism* is an unflinching critique of Western assumptions and of the liberalism that Europe and America present as salvation to Islam. Essential reading for all scholars of Islam and Middle East politics. Cambridge Review of International Affairs. Reminds us that in order to move beyond scholarship revolving around a simplistic binarism between West and non-West, we must never forget how this opposition has shaped and continues to actively influence scholarship today. Los Angeles Review of Books.

Across the Worlds of Islam Edward E. Curtis IV, 2023-07-18. Winner 2024 Choice Outstanding Academic Title. Muslim people are found all over the world. Most live outside the Middle East, from Asia to the Americas. The vast majority of contemporary Muslims

are not fluent in Arabic and speakers of languages such as Persian Urdu and Turkish have made essential contributions to Islamic history and culture However typical courses on Islam tend to downplay areas beyond the Middle East focusing on Arabic texts and elite theological and doctrinal arguments This book offers an inclusive view of the diversity and complexity of the many worlds of Islam investigating ethics and aesthetics as much as scriptures and theology By paying attention to Muslims who are socially culturally doctrinally or politically marginalized it provides a comprehensive and all embracing vision of the religion and its many interrelated communities Contributors from a range of personal and intellectual backgrounds explore the capaciousness of Muslim identities helping readers achieve a broader understanding of the past present and future of the Muslim world This book includes communities such as the Nation of Islam and Alevi Muslims and it goes beyond rituals like prayer and fasting to consider a wider array of practices such as tattooing Across the Worlds of Islam is at once student friendly and cutting edge written with both introductory courses and general readers in mind Examining Muslim identity and practice from the perspective of the margins it offers nuanced portraits of Muslim life across geographic and sectarian divisions

Sex and Desire in Muslim Cultures Aymon Kreil, Lucia Sorbera, Serena Tolino, 2020-12-10 What have different ideas about sex and gender meant for people throughout the history of the Middle East and North Africa This book traces sex and desire in Muslim cultures through a collection of chapters that span the 9th to 21st centuries Looking at spaces and periods where sexual norms and the categories underpinning them emerge out of multiple subjectivities the book shows how people constantly negotiate the formulation of norms their boundaries and their subversion It demonstrates that the cultural and political meanings of sexualities in Muslim cultures as elsewhere emerge from very specific social and historical contexts The first part of the book examines how people constructed discussed and challenged sexual norms from the Abbasid to the Ottoman period The second part looks at literary and cinematic Arab cultural production as a site for the construction and transgression of gender norms The third part builds on feminist historiography and social anthropology to question simplistic dichotomies and binaries Each of the contributions shows how understanding of sexualities and the subjectivities that evolve from them are rooted in the mutually constitutive relationships between gender and political power In identifying the plurality of discourses on desires the book goes beyond the dichotomy of norm and transgression to glimpse what different sexual norms have meant at different times across the Middle East

Media Messages Linda Holtzman, Leon Sharpe, 2014-03-15 The new edition of this widely acclaimed book reveals how the popular media contributes to widespread myths and misunderstanding about cultural diversity Along with updated media examples expanded theories and analysis this edition explores even more deeply the coverage of race in two chapters discusses more broadly how men and boys are depicted in the media and socialized and how class issues have become even more visible during the Great Recession of the 21st century and the Occupy movements

The Oxford Handbook of Islam and Women Asma Afsaruddin, 2023 The Oxford Handbook of Islam and Women offers authoritative contributions from well known scholars

whose sophisticated and cutting edge research explores the diversity of Muslim women s lives and their accomplishments
challenging common stereotypes that are particularly prevalent in the West
