## **Love And War Participants Guide:**

### **An Introductory Guide to Qualitative Research in Art Museums** Ann Rowson Love, Deborah Randolph, 2024-02-20

An Introductory Guide to Qualitative Research in Art Museums is a practice based guide that is designed to introduce qualitative research to established and upcoming museum professionals and increase their confidence to conduct this type of research. Highlighting the work of researchers who are studying museums around the world, the book begins by explaining why there is a need for qualitative research in museums. Rowson Love and Randolph then go on to provide guidance including theories and frameworks on how to envision a qualitative research project that facilitates meaningful interpretation of visitor experiences. Chapters in the methodology section begin with descriptions of featured qualitative methodologies and will assist readers as they determine which are most appropriate for their projects and as they advocate for their research. The final section will prepare readers still further by demonstrating data analysis and reporting using the examples in the book. An Introductory Guide to Qualitative Research in Art Museums will help museum professionals and students engaged in the study of museums expand their repertoire to include qualitative methodologies and explain the methods needed to conduct, analyze and report their qualitative research. It will be particularly useful to those with an interest in museum education, visitor studies and audience research, exhibition development, leadership and management. [The Rough Guide to Germany](#)

[Rough Guides](#), 2015-04-14 The Rough Guide to Germany is the ultimate travel guide to this dynamic country. Full color photography illustrates Germany's stylish cities and beautiful landscapes, its meandering rivers and picture perfect castles. Detailed accounts of every attraction provide all the information you need to explore the country's exceptional museums, iconic architecture and its many rural escapes from the soaring Bavarian Alps and dense woodlands of the Black Forest to the beautiful beaches and islands of the North Sea or the idyllic Rhineland vineyards where you can sample some of the country's many world class wines. The Rough Guide to Germany includes practical advice to ensure that no matter what your budget you'll find the perfect boutique hotel, convivial hostel, authentic cellar restaurant, stylish gourmet haunt, design conscious shop, cutting edge arts venue or hip bar and club, all marked on the book's many color maps. The Rough Guide to Germany includes well researched historical and cultural background to help you understand and appreciate this complex country and above all make the most of your time. **The Tour Guide**

Jonathan R. Wynn, 2011-07-05 Everyone wants to visit New York at least once. The Big Apple is a global tourist destination with a dizzying array of attractions throughout the five boroughs. The only problem is figuring out where to start and that's where the city's tour guides come in. These guides are a vital part of New York's raucous sidewalk culture and as The Tour Guide reveals, the tours they offer are as fascinatingly diverse and eccentric as the city itself. Visitors can take tours that cover Manhattan before the arrival of European settlers, the nineteenth century Irish gangs of Five Points, the culinary traditions of Queens, the culture of Harlem or even the surveillance cameras of Chelsea. In short, there are tours to satisfy anyone's curiosity about the city's past or present. And the

guides are as intriguing as the subjects we learn as Jonathan R Wynn explores the lives of the people behind the tours introducing us to office workers looking for a diversion from their desk jobs unemployed actors honing their vocal skills and struggling retirees searching for a second calling Matching years of research with his own experiences as a guide Wynn also lays bare the grueling process of acquiring an official license and offers a how to guide to designing and leading a tour Touching on the long history of tour giving across the globe as well as the ups and downs of New York s tour guide industry in the wake of 9 11 The Tour Guide is as informative and insightful as the chatty charming and colorful characters at its heart

**Introducing Japanese Popular Culture** Alisa Freedman,2023-04-18 Specifically designed for use in a range of undergraduate and graduate courses while reaching specialists and general readers this second edition of Introducing Japanese Popular Culture is a comprehensive textbook offering an up to date overview of a wide variety of media forms It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production as well as politics society and economics As a result more than being a time capsule of influential trends this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it With contributions from an international team of scholars representing a range of disciplines from history and anthropology to art history and media studies the book covers Characters Television Videogames Fan media and technology Music Popular cinema Anime Manga Spectacles and competitions Sites of popular culture Fashion Contemporary art Written in an accessible style with ample description and analysis this textbook is essential reading for students of Japanese culture and society Asian media and popular culture globalization and Asian Studies in general It is a go to handbook for interested readers and a compendium for scholars

**Recovering the Love Feast** Paul Fike Stutzman, 2011-01-01 What is a Love Feast How did the early church celebrate the Love Feast How might Christians today celebrate the Love Feast In *Recovering the Love Feast* Paul Stutzman addresses these questions offering a unique blend of liturgical history and practical theology Part I outlines the history of the Love Feast noting its prevalence in early church worship its gradual decline and its reemergence in the practices of several Pietist groups e g the Moravians Methodists and Brethren Particular focus is given to five elements of the celebration that is eucharistic preparation footwashing the fellowship meal the holy kiss and the Eucharist proper In Part II Stutzman argues that the Love Feast is a valuable Christian practice and a celebration worth recovering in those traditions that may have forgotten the feast Rather than prescribing a specific method for celebrating the Love Feast Stutzman proposes that there are five key disciplines that today s Love Feasts should embody submission love confession reconciliation and thanksgiving This book encourages Christians from a range of traditions to experiment with reclaiming the Love Feast with the hope that each celebration serves as an act of worship to God and an authentic expression of Christian discipleship

*American Writers and World War I* David A. Rennie, 2020-07-31 Looking at texts written throughout the careers of Edith Wharton Ellen La Motte Mary Borden Thomas Boyd F Scott Fitzgerald Laurence Stallings and Ernest Hemingway *American Writers and World War I* argues that authors war writing continuously evolved in response to developments in their professional and personal lives Recent research has focused on constituencies of identity such as gender race and politics registered in American Great War writing Rather than being dominated by their perceived membership of such socio political categories this study argues that writers reacted to and represented the war in complex ways which were frequently linked to the exigencies of maintaining a career as a

professional author War writing was implicated in and influenced by wider cultural forces such as governmental censorship the publishing business advertising and the Hollywood film industry American Writers and World War I argues that even authors hallmark anti war works are in fact characterized by an awareness of the war s nuanced effects on society and individuals By tracking authors war writing throughout their entire careers in well known texts autobiography correspondence and neglected works this study contends that writers reactions were multifaceted and subject to change in response to their developments as writers and individuals This work also uncovers the hitherto unexplored importance of American cultural and literary precedents which offered writers means of assessing the war Ultimately the volume argues American World War I writing was highly personal complex and idiosyncratic
