about Greece (Durrell Studies 3) Richard Pine, Vera Konidari, 2021-05-04 The condition of Greece ever since its establishment as a sovereign state in 1830 has been the subject of intense international debate centring on its pivotal role in the Balkans This has been aggravated by Greece's economic collapse in 2010 and by the ongoing refugee crisis by environmental disasters terrorism and the Macedonian question This book's analysis and assessment of Greek social cultural and political life is trenchant up front and passionate based on the author's belief that one cannot love Greece without also mourning the fault lines in bureaucracy and the dynastic politics which have dominated it since its inception This book features a selection of the author's Letters from Greece from The Irish Times and his Eye of the Xenos from the Greek newspaper Kathimerini in its entirety in both English and a Greek translation including columns which Kathimerini refused to print due to the nature of their political commentary The Midwestern, 1908 The Midwestern Novel Nancy L.

Bunge, 2014-12-12 With Huckleberry Finn American fiction changed radically and shifted its setting to the middle of the country A focus on social issues replaced the philosophic and psychological explorations that dominated the work of Melville and Hawthorne Colloquial speech rather than elevated language articulated these fresh ideas while common folk rather than dramatic characters like Ahab and Hester Prynne played central roles This transformation of American literature has been largely ignored while during the 130 years since Huckleberry Finn the Midwest has continued to produce writers whose work like Twain's addresses injustice by portraying the decency of ordinary people Since the end of the 19th century Midwestern authors have dismissed the elite and celebrated those whom the power structure typically excludes children women African Americans and the lower classes Instead of wealth and power this literature values authenticity and compassion The book explores this literary tradition by examining the work of 30 Midwestern writers including F Scott Fitzgerald Willa Cather Ernest Hemingway Richard Wright Saul Bellow Toni Morrison Jonathan Franzen Jane Smiley and Louise Erdrich **World, Class, Women** Robin Truth Goodman, 2004-02-16 World Class Women begins the extraordinarily important task of bringing a postcolonial feminist voice to critical pedagogy and by extension explores how current debates about education could make
