Grappling with Diversity Susan Schramm-Pate, Rhonda B. Jeffries, 2008-02-28 Addresses the concerns of the marginalized in the American school curriculum

Grappling with Diversity Susan Schramm-Pate, Rhonda B. Jeffries, 2008-02-28 Written for classroom and pre service teachers who wish to adopt a civil rights pedagogy

Grappling with Diversity illuminates the diverse worldviews of people in our nation's history who are usually omitted, marginalized or misrepresented in the American school curriculum. In order to prepare young people to interact in a variety of contexts with people who are different from themselves, the contributors take a serious look at teaching them to examine the origins and assumptions underlying mainstream thinking which divides the nation into North and South, us and them, rich and poor, black and white, and to analyze alternative educational frameworks for understanding people and the planet. They also explore the concept of privilege by asking which stories are privileged in contemporary culture, what readings are available and whose interests are served by them.

The Cambridge Guide to African American History Raymond Gavins, 2016-02-15 Intended for high school and college students, teachers, adult educational groups, and general readers, this book is of value to them primarily as a learning and reference tool. It also provides a critical perspective on the actions and legacies of ordinary and elite blacks and their non-black allies.

The Sovereignty of Quiet Kevin Quashie, 2012-07-25 African American culture is often considered expressive, dramatic, and even defiant. In *The Sovereignty of Quiet*, Kevin Quashie explores quiet as a different kind of expressiveness, one which characterizes a person's desires, ambitions, hungers, vulnerabilities, and fears. Quiet is a metaphor for the inner life and, as such, enables a more nuanced understanding of black culture. The book revisits such iconic moments as Tommie Smith and John Carlos's protest at the 1968 Mexico City Olympics and Elizabeth Alexander's reading at the 2009 inauguration of Barack Obama. Quashie also examines such landmark texts as Gwendolyn Brooks's *Maud Martha*, James Baldwin's *The Fire Next Time*, and Toni Morrison's *Sula* to move beyond the emphasis on resistance and to suggest that concepts like surrender, dreaming, and waiting can remind us of the wealth of black humanity.

Adolescent Education Joseph L. DeVitis, Linda Irwin-DeVitis, 2010 This book elucidates the complexities, contradictions, and confusion surrounding adolescence in American culture and education.

Thinking about Schools Eleanor Blair Hilty, 2011-03-08 Specifically developed for students without an education background, this collection of readings provides accessible, essential articles for professors and students of introductory Foundations of Education courses.

Dimensions of Curation Ann Rowson Love, Pat Villeneuve, 2023-07-17 Exhibition making requires great effort and resources. Are your exhibitions attracting audiences and drawing them back to your museum? The *Dimensions of Curation* Competing Values Exhibition Model uses three axes to help you to make sense of exhibitions your museum has curated and think intentionally about future curatorial decisions. Whether implicit or intentional decisions made about interpretive focus, curatorial power, and curatorial intent indelibly shape the resulting exhibition and determine who will be best served or disenfranchised by it. This book introduces competing values

and organizational models that address them Explains the three axes comprising the model and the eight types of exhibitions that result from various combinations of positions on the axes Looks in depth at case studies of the eight different exhibition types Provides candid observations about changing curatorial practices Offers tools to help museums implement the model Two sections of the book feature practice based examples from museums in the US and internationally The third section of the book concentrates on practical tools and considerations for the future of exhibition curation Hastings Journal ,2012

The Hastings Law Journal ,2012 **Frontiers** ,2010 Sociologists and Social Progress O. Alexander Miller,2011 This book utilizes narratives from U S and Caribbean scholars to examine the viability of sociologists changing the world from below through sporadic interdependent networks Piven 2008 The conclusion reached is that in its current state the academy can do little to improve conditions in society as sociologists are themselves embattled by defeating narratives revolving around poor personal experiences the recalcitrance of Old World history European epistemological meta narratives and the multi paradigmatic criteria for determining sociological knowledge If sociologists are to finally influence society then the academy has to first overcome its calcified European and Anglo American principles of domination The British National Bibliography Arthur James Wells,2009 **Elusive Justice** Thea Renda Abu El-Haj,2012-12-06 Elusive Justice addresses how educators think about and act upon differences in schools be they based on race gender class or disability and how discourse and practice about such differences are intimately bound up with educational justice Rather than skip over contentious or uncomfortable dialogues about difference Thea Abu El Haj tackles them head on Through rich and detailed ethnographic portraits of two schools with a commitment to social justice she analyzes the ways discourses about difference provide a key site for both producing and resisting inequalities and examines the dilemmas that emerge from either focusing on or ignoring them In interrogating fundamental assumptions about difference and equity Abu El Haj deftly blends critique with a search for hope and possibility to ultimately argue for ways educators might translate ideals about justice into effective practice *Sociological Abstracts* Leo P. Chall,2002 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers Multicultural Education, Critical Pedagogy, and the Politics of Difference Christine E. Sleeter,Peter McLaren,1995-01-01 This book explores and expands upon linkages between multicultural education and critical pedagogy drawing on the shared goal of challenging oppressive social relationships

Diversity and Education Michael Vavrus,2014-11-01 **Critical Multicultural Education** Christine E. Sleeter,2024 This volume collects Christine Sleeter s core work focusing on critical multicultural education situating culture and identity within an analysis of power and racism Multicultural education arose in the context of the Civil Rights Movement and in its inception shared with that movement a focus on eradicating both interpersonal and systemic racism The problem this book

takes up is that over time many people have come to understand and enact multicultural education in ways that evade grappling directly with racism This dilution has happened for several reasons including White teachers rearticulations of multicultural education as getting along or learning to be colorblind and neoliberal reforms that have reduced it to a celebration of cultural diversity while maintaining silence about racism This volume includes ten of Sleeter s articles that explicitly locate multicultural education within critical understandings of race racism and colonialism offering both theoretical and practical discussions of what that means A deeply researched contextualized and nuanced account of multicultural education H Richard Milner IV Vanderbilt University This beautiful and intersectional volume needs to be required reading in every school of education Robin DiAngelo coauthor of Is Everyone Really Equal This book is an important intervention on the side of racial justice in education Wayne Au editor Rethinking Schools

Diversity and Multiculturalism Shirley R. Steinberg, 2009 This reader demands that we understand diversity and multiculturalism by identifying the ways in which curriculum has been written and taught and by redefining the field with an equitable lens freeing it from the dominant cultural curriculum The book problematizes the issue of whiteness for instance as not being the opposite of blackness or person of color but rather a meta description for our dominant culture Issues are also addressed that are usually left out of the discussion about diversity and multiculturalism this reader includes essays on physical diversity geographic diversity and difference in sexualities This is the quintessential collection of work by critical scholars committed to redefining the conversation on multiculturalism and diversity

Critical Multiculturalism Stephen May, 2005-08-18 This text aims to bring together two movements of multiculturalism and anti racism which have previously been distant from each other
