political controversies facing fandoms In particular Smith examines how fans take the superheroes they grew up with such as Luke Cage Black Lightning and Shang Chi and turn them into the characters they wished they had as children Shaolin Brew delves into the efforts of fans of color who urged creators to make these characters more realistic This refining process increased as more writers and artists of color broke into the industry bringing their own perspectives to the characters As many of these characters transitioned from page to screen a new generation of writers artists and readers have cooperated to evolve one dimensional stereotypes into multifaceted dynamic heroes
