'Growing Old' by Mathew Arnold

A Comprehensive Digital and Printable Revision guide with an in-depth analysis, tasks, exercises and essay questions.

Make short notes of analysis, explaining how and why each one relates to your theme. What, in your opinion, is the poet's final message or statement about each theme that you choose?

1. What effect does the use of several rhetorical questions by the poet have on this poem?
2. Do you agree with the attitudes of the poem? Explore your own thoughts on ageing, and your own experiences with elderly people. You may also want to consider your own views on death and the afterlife in relation to the poem.

World Regional Geography Lydia Mihelic Pulsipher, Alex Pulsipher, 2010-12-10 Like no other textbook Pulsipher and Pulsipher's World Regional Geography puts a human face on the study of regional geography showing how larger geographical forces affect the lives of individuals and communities around the globe. It's a refreshing people centered approach to the subject focusing on the stories of real people, global trends and interregional linkages and contemporary topics that transcend regional borders: the war on terrorism, global political order, interregional trade, the global economy, popular culture, the environment and the Internet.
