The Complete Guide to Buying Property in Florida Charles Davey, 2005 In the past decade, property prices in the UK have risen by 138 per cent, far higher than in the USA. With no language problems, near perfect weather, and low property prices, Florida is an ideal location for a holiday or retirement home. Many people now have sufficient equity in their British homes not only to buy a home in Florida but also to satisfy the investor criteria for immigration into the United States. By setting up a business or investing in a possibly quite modest business in the US, they can turn their dream into a reality. *The Complete Guide to Buying Property In Florida* is the ideal tool for those who want to take any of those steps. It deals with every aspect of buying or renting a home in Florida in a practical, straight forward style. There are maps, useful addresses, Web sites, and information on a whole host of topics including choosing a location, renting, purchasing, buying land, letting, selling, taxation, and inheritance rules, and retiring, working, and setting up a business. Comprehensive and readable, it will help any prospective buyer avoid the pitfalls and get everything right first time.
