Homesick Time In Yellowstone:

Yellowstone Autumn W. D. Wetherell, 2009-01-01 Although Yellowstone is our oldest most iconic and most popular national park it is perhaps in W D Wetherell s words America s least known best known place Wetherell arriving at the park on the eve of his fifty fifth birthday feels the need to examine where life s mileage has brought him In the encounter that follows a writer entering late middle age confronts not only a magnificent corner of the vast American landscape but also the American experience itself Detailed in the wise humorous and lyrical language that has long distinguished W D Wetherell s award winning fiction this introspective journey merges the fascinating story of Yellowstone s history and geography with the author s own story of marriage and aging of fatherhood and of the solace to be found in the beauty of the natural world Most of all it s a loving tribute to Yellowstone in autumn the season when the park and its glories are absolutely at their peak
