Fundamental Managerial Accounting Concepts 7e Thomas Edmonds, Bor-Yi Tsay, 2014-09-16 Fundamental Managerial Accounting Concepts 7e **EBOOK: Calculus: Early Transcendental Functions** Robert T Smith, Roland Minton, 2011-02-16 Students who have used Smith Minton's Calculus say it was easier to read than any other math book they've used. That testimony underscores the success of the authors' approach which combines the best elements of reform with the most reliable aspects of mainstream calculus teaching resulting in a motivating challenging book. Smith Minton also provides exceptional reality based applications that appeal to students' interests and demonstrate the elegance of math in the world around us. New features include: A new organization placing all transcendental functions early in the book and consolidating the introduction to L'Hôpital's Rule in a single section. More concisely written explanations in every chapter. Many new exercises for a total of 7 000 throughout the book that require additional rigor not found in the 2nd Edition. New exploratory exercises in every section that challenge students to synthesize key concepts to solve intriguing projects. New commentaries Beyond Formulas that encourage students to think mathematically beyond the procedures they learn. New counterpoints to the historical notes Today in Mathematics that stress the contemporary dynamism of mathematical research and applications connecting past contributions to the present. An enhanced discussion of differential equations and additional applications of vector calculus. Calculus Robert Smith, Roland Minton, 2011 Now in its 4th edition Smith Minton Calculus offers students and instructors a mathematically sound text, robust exercise sets and elegant presentation of calculus concepts. When packaged with ALEKS Prep for Calculus the most effective remediation tool on the market Smith Minton offers a complete package to ensure students' success in calculus. The new edition has been updated with a reorganization of the exercise sets making the range of exercises more transparent. Additionally over 1 000 new classic calculus problems were added. **Ebook: Advanced Accounting** Joe Ben Hoyle, Thomas Schaefer, TIMOTHY DOUPNIK, 2014-10-16 The approach used by Hoyle, Schaefer and Doupnik in the new edition allows students to think critically about accounting just as they will do while preparing for the CPA exam and in their future careers. With this text students gain a well balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards. **EBOOK: Operations Management: Theory and Practice: Global Edition** STEVENSON, WILL, 2019-01-11 EBOOK Operations Management Theory and Practice Global Edition EBOOK: Biology
