Homosexuality and Christian faith : questions of conscience for the churches Walter Wink (ed), 1999 *Homosexuality and Religion* Jeffrey S. Siker, 2006-11-30 Few issues today cause more public and private debate than the interaction of homosexuality and religion From the question of gay marriage to the place of gays and lesbians within faith communities religious leaders and lay members must deal with these issues for now and for years to come What is the historical position of the major denominations How are people of faith balancing their beliefs This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay lesbian bisexual and transgendered persons within their communities This is the most comprehensive volume to date on the intersections between religion and homosexuality

Two Views on Homosexuality, the Bible, and the Church Zondervan, 2016-11-29 Unique among most debates on homosexuality this book presents a constructive dialogue between people who disagree on significant ethical and theological matters and yet maintain a respectful and humanizing posture toward one another Few topics are more divisive today than homosexuality Two Views on Homosexuality the Bible and the Church brings a fresh perspective to a well worn debate While Christian debates about homosexuality are most often dominated by biblical exegesis this book seeks to give much needed attention to the rich history of received Christian tradition bringing the Bible into conversation with historical and systematic theology To that end both theologians and biblical scholars well accomplished in their fields and conversant in issues of sexuality and gender articulate and defend each of the two views Affirming represented by William Loader and Megan K DeFranza Traditional represented by Wesley Hill and Stephen R Holmes The main essays are followed by insightful responses that interact with their fellow essayists with civility Holding to a high view of Scripture a commitment to the gospel and the church and a love for people especially those most affected by this topic the contributors wrestle deeply with the Bible and theology especially the prohibition texts the role of procreation gender complementarity and pastoral accommodation The book concludes with reflections from general editor Preston Sprinkle on the future of discussions on faith and sexuality The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

book It grapples with the important question Why the West would want to decolonize only by returning homosexuality to Africans and not by returning African land artefacts skulls and skeletons The book challenges the systemic humanophobic mission orchestrated by neo capitalists in the Euro American world and their allies in Africa Until we hold together the ethical and ontological boundaries of marriage as a divine cultural mandate secured in its sociogenic logicity all the debates about decolonization will not save us from the ultimate crime of promoting ontological disorderliness Charles Prempeh PhD Cantab Research Fellow Centre for Cultural and African Studies Kumasi Ghana and author of Gender Sexuality and Decolonisation in Postcolonial Ghana A Socio Philosophical Engagement Genders, Sexualities, and Spiritualities in African Pentecostalism Chammah J. Cole,Beverly Guy-Sheftall,2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation s consciousness In this important new book two of the nation s leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first

century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women s suffrage in the nineteenth century to women s attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas s appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men *Neotestamentica et Philonica* David Edward Aune, Torrey Seland, Jarl Henning

Seibert, 2012 No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans Over the years these texts have been used to justify all sorts of violence from colonizing people and justifying warfare to sanctioning violence against women and children Eric Seibert confronts the problem of virtuous violence and urges people to engage in an ethically responsible reading of these troublesome texts He offers a variety of reading strategies designed to critique textually sanctioned violence while still finding ways to use even the most difficult texts constructively thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world
