Losing Moses On The Freeway The 10 Commandments In America:

Losing Moses on the Freeway Chris Hedges, 2005-06-07 The 10 Commandments the laws given to Moses by God are beyond the scope of human law They are rules meant to hold us together but when dishonored they lead to discord and violence In this fierce articulate narrative Hedges who graduated from seminary at Harvard Divinity School looks through the lens of each commandment to examine the moral ruin of American society With urgency and passion he challenges readers to take a hard look at the disconnect between their supposed values and the shallow self absorbed lives many people actually lead Taking examples from his personal life and twenty years of reporting Hedges explores one commandment at a time each through a particular social group With each story he reveals the universal nature of personal suffering discovery and redemption and explores the laws that we have tried to follow often unsuccessfully for the past 6 000 years **Losing**

Gladding, 2013-12-06 To most people the Ten Commandments represent archaic rules dictated by a taskmaster God But what if they are actually a promise of the covenant relationship between God and his people Sean Gladding invites you into the lively conversations of a pastor named John as he engages the viewpoints of friends in his favorite coffee shop who wonder at the meaning of those Ten Words for today *America: The Farewell Tour* Chris Hedges, 2019-08-27 Chris Hedges s

Collateral Damage Chris Hedges, Laila Al-Arian, 2009-02-10 Collateral Damage brings together testimony from the largest number of on the record named combat veterans who reveal the disturbing daily reality of war and occupation in Iraq Through their eyes we learn how the mechanics of war lead to the abuse and frequent killing of innocents They describe convoys of vehicles roaring down roads smashing into cars and hitting Iraqi civilians They detail raids that leave families shot dead in the mayhem And they describe a battlefield in which troops untrained to distinguish between combatants and civilians are authorized to shoot whenever they feel threatened Joshua Robert L. Pagan Ethics Michael York, 2015-08-05 This book is the first comprehensive examination of the ethical parameters of paganism when considered as a world religion alongside Christianity Islam Judaism Hinduism and Buddhism The issues of evil value and idolatry from a pagan perspective are analyzed as part of the Western ethical tradition from the Sophists and Platonic schools through the philosophers Spinoza Hume Kant and Nietzsche to such contemporary thinkers as Grayling Mackie MacIntyre Habermas Levinas Santayana etc From a more practical viewpoint a delineation of applied pagan ethics is then presented in connection with current moral issues such as same sex union recreational drugs environmental awareness abortion and terrorism Finally overviews of sectarian pagan ethics Shinto Santeria Heathenism Druidry Romuva Slavic Kemeticism

Classical and Wicca provide both the general and pagan reader with an understanding of the provocative range and differentiation of pagan ethical thought The book approaches the Western ethical tradition as an historical development and a continuing dialogue The novelty of this approach lies in its consideration of paganism as a legitimate voice of religious spirituality rather than a satanic aberration or ridiculous childish behavior The book is aimed at both the contemporary Western pagan and anyone with an interest in the moral dilemmas of our times and the desire to engage in the global ethical discussion Among the more important features of the book are its presentation of a re evaluation of idolatry the notion of the virtue value the richness of the pagan tradition and the expansion of Western ethics beyond its Christian heritage **Across the Board** ,2005 *Book Review Index* ,2006 Every 3rd issue is a quarterly cumulation
