Halting Biodiversity Loss Great Britain. Parliament. House of Commons. Environmental Audit Committee, 2008 This is the thirteenth report from the Environmental Audit Committee of the 2007-08 session HCP 743 ISBN 9780215524843 The Committee states that the Government will fail to meet the 2010 target to halt biodiversity loss although the target might have been unrealistic The Committee does see some progress with 80% of Sites of Special Scientific Interest SSIs in a favourable condition with a number of rare species having recovered In general though biodiversity loss continues in the wider countryside with many species and habitats facing severe declines and local extinctions The Committee does believe though that with leadership and effective policies biodiversity loss could in fact be reversed and states the Government should adopt a new target to halt the loss Biodiversity policies need to be cross departmental and the Government's ecosystem assessment is a way forward by encouraging such an approach and promoting biodiversity protection at the regional and local scales The Committee further states that the Government could make a large contribution in preventing biodiversity loss through more support for the UK Overseas Territories

Does the UN Model Still Work? Challenges and Prospects for the Future of Multilateralism, 2022-11-28 Composed of original articles from academics and policy notes from practitioners this book attempts to draw up the state of multilateralism through the UN model and identify potential ways to address its challenges and shortcomings The contributors question the role of multilateralism sometimes accused of being fragmented inefficient and unrepresentative and its impact on global governance democracy trade and investment the environment and human rights Since most of the authors are not from the UN system the content of the contributions provides an external and more neutral assessment of the UN's ability to continue to function today as a serious actor within a global movement in favor of a renewed form of multilateralism Does the UN Model Still Work Challenges and Prospects for the Future of Multilateralism is now available in paperback for individual customers
